STORY OF FRAUDS IN ANNUAL REPORT

Attorney General Declares 1910 Most Strenuous Year For Department.

REVIEW OF THE TRUST CASES

Interesting Report Submitted to Congress Yesterday—Reference is Made to Naval Stores Case. Features Given.

Washington, Dec. 12.—The annual report of Attorney General Wickersham presented to Congress today is one long story of frauds against the government.

Trusts, so-called and real, their alleged conspiracies to defeat the law; land frauds, customs frauds, frauds on the internal revenue, rebates, bucket shops and fraudulent uses of the mails have made 1910 the most strenuous year in the history of the Department of Justice. Mr. Wickersham states that only the earnest and enthusiastic work of the men of his force has made the work successful.

"The salaries paid are small," he says, "and the funds available for special counsel do not permit the payment of fees which bear any comparison with those offered by private interests. But notwithstanding these obstacles, the Department is fortunate in having been able to secure the services of earnest and competent lawyers to whose ability and industry are due the very largest measure of success that has attended the management of the legal business of the government during the year.

Prosecution for violation of the anti-trust law were foremost in the work of the year. Actions, says the attorney general, are now underway or pending against the following so-called trusts: Tobacco trust; Standard Oil Company; Sugar Trust; Harman Lines; Hard Coal Trust; Powder Trust; Terminal Railway Association of St. Louis; Towing Trust, on the Great Lakes; James A. Patten and others, alleged cotton elevator trust; Beef Trust; Wholesale Grocers Trust; Butter and Egg Trust; Brick Trust; Bath Tub Trust.

The following convictions were secured and fines imposed during the year:

Peter Trust, fined \$57,000; Night Riders, fined \$3,500; Window Glass Trust, fined \$10,000.

After the Attorney General's report came from the press, however, the American Naval Stores Company, known as the Turpentine Trust, and its codefendants, were convicted of violations of the anti-trust law. Two of the individual defendants sentenced to three months each in jail and fines aggregating \$17,500 were imposed.

Prosecutions of the Sugar Trust for frauds upon the government in the withholding of information from the government \$3,135,363.88. Convictions and sentences of individuals, still fresh in the public mind, were secured.

Most extensive of all frauds against the government yet discovered, are those in the undervaluations of imports into the United States. The extent of the treasury losses can only be conjectured. Every step of the investigation shows fresh leads.

There are new suits under way to recover \$700,000, of which the customs revenue is said to have been defrauded in imports of cheese from Mediterranean ports, indictments are pending and some convictions have been secured. A highly organized system to defraud the government has been disclosed.

More than 30 individual indictments are pending against persons charged with smuggling "sleeper trunks." Offers of compromise and prayers for immunity are in the hands of the Attorney General from several firms of importers who have confessed in undervaluations.

"The conditions disclosed seem to indicate a very general system of undervaluations," says the Attorney General "and a very lax administration of the customs laws in the past, which has subjected the government to a very material loss of revenues.

A general investigation into the subject of frauds by undervaluation has only commenced and this branch of the subject will now be pressed vigorously.

The Attorney General recommends that a general immunity statute, such as exists under the interstate commerce laws, should be enacted to apply to criminal prosecutions of general immunity, but says such a statute should only protect a witness from the consequence of the testimony he is about to give.

The Bureau of Investigation, which has built up an efficient secret police, began raids on the mail frauds, using the mails for fraudulent purposes. The Attorney General recommends legislation to permit the agents of that bureau to administer oaths and serve processes.

During the year there were 15,371 criminal cases of all sorts, resulting in 10,000 convictions, with fines, forfeitures and penalties aggregating \$1,082,974.

Mr. Wickersham recommends legislation to give the right of appeal in Indian cases, a law for the issue of search warrants for property stolen from the government, that Federal judges be allowed traveling expenses \$1,082,974.

MR. N. J. THOMPSON PASSES

One of Lumberton's Most Prominent and Highly Esteemed Citizens Suddenly Yesterday.

(Special Star Telegram.) Lumberton, N. C., Dec. 12.—Not in some time has Lumberton been so shocked and grieved as it was this evening about 5 o'clock, when it was announced that Mr. N. J. Thompson had suddenly passed away. The news spread rapidly and soon the entire population was in mourning, for one of the best citizens of this section had gone out from among us.

Mr. Thompson had been up as usual today and drove to one of his farms in the country, but complained of not feeling well. Though well advanced in years, he never gave up unless he was obliged to and his sudden going caused the greater shock. Mr. Thompson was a native of this county, was about 67 years old, and with the exception of a few years spent at Morven, Anson county, had spent his entire life in Robeson. He was a pure specimen of the true Southern gentleman, and to know him was to love him. His kindly disposition made friends for him among people in all stations of life. He was a member of the Lumberton Presbyterian Church and has been for some time an elder.

When the war between the States began, though not old enough to be called upon to go into service, he volunteered and remained through the struggle, being in the 18th North Carolina Regiment, and saw service at Fort Fisher.

Mr. Thompson is survived by a devoted wife, one daughter, Mrs. L. T. Townsend, of Lumberton; and three sons, Messrs. Joseph E. Thompson, general manager of the Morning Star, Wilmington; Albert Thompson, of McDonald, this county, and Dr. Dunlop Thompson, of Morven, who have the heartfelt sympathy of the community throughout this entire section. The funeral arrangements had not been made tonight.

Mr. Joseph E. Thompson, of this city, general manager of The Star, received a long distance telephone message shortly after 5 o'clock yesterday afternoon conveying to him the sad intelligence of the death of his father, who passed away suddenly at his home in Lumberton. Mr. Thompson will leave on the early Seaboard train this morning for Lumberton to be with the other grief-stricken members of the sorely bereaved family. The deceased was well known in this city and the announcement of his passing brought sorrow to many hearts. No man was better known in Robeson county and more highly esteemed and respected than Mr. N. J. Thompson and his passing leaves a void in the home that cannot be filled, in the church which he loved so well and the community in which he spent the better part of his long and most useful career.

Relatives and friends in this city were totally unprepared for the shock upon the announcement of Mr. Thompson's death. His son, Mr. Joseph E. Thompson, spent Sunday in Lumberton and his father accompanied him to the train on his return to Wilmington late Sunday night. Mr. Thompson had been in better health this Fall than usual, a fact which he commented upon at his home Sunday night. The grief-stricken members of the family will have the tenderest and most heartfelt sympathy of hundreds and hundreds of friends in Wilmington in this sad hour.

COLUMBUS WINS THE SUIT.

Action Against Waterworks Carried to Superior Court.

Washington, Dec. 12.—After defeat in the Federal Circuit Court of Georgia, the city of Columbus, Ga., today won a victory in the Supreme Court of the United States in its fight against being compelled to buy the plant of the Columbus Waterworks Company. The decree of the lower court was reversed.

In 1903 the Mercantile Trust & Deposit Company, of Baltimore, Md., acquired certain bonds held by the Columbus Waterworks Company, brought suit to enjoin Columbus, Ga., from selling bonds to build its own waterworks. The city brought suit to have the contract between it and the waterworks annulled on the ground of failure of the company to carry out its contract.

The final decree of the Federal Circuit Court of Georgia, where the suits were brought, was that the company had the exclusive privilege of furnishing water to the city and that the city should be required if it sought to end the contract relations, to take the waterworks plant at a fair valuation; to be ascertained by arbitration. Until the valuation was fixed, the city was enjoined from selling bonds to build a waterworks system. From the decree an appeal was taken to the Supreme Court, which held that it was a vital part of the contract between the city and the waterworks company that the company should furnish an adequate and continuous supply of water for the city. Since the Georgia court had found the company had failed in so doing hence it had erred in decreeing that the city should not build its own waterworks.

CLUBMAN ACCUSES WIFE OF SHOOTING

Herbert Mason Clapp Victim of Tragedy in Philadelphia Yesterday.

SHOTS FIRED AFTER QUARREL

Mrs. Clapp Makes Denial After She Was Locked-Up—Attempt at Suicide Her Claim—A Bullet in His Head.

Philadelphia, Dec. 12.—Herbert Mason Clapp, wealthy clubman of this city, is in a hospital with a bullet in his head and likely to die and his beautiful young wife is locked up charged with having shot him.

According to the police, the couple quarreled in the bedroom at 3:30 this morning and Mrs. Clapp jumped out of bed, secured a pistol and shot twice at her husband. One of the shots crashed through the man's mouth emerging near the left ear. At first the family and their physician attempted to conceal the facts, saying Clapp, who had been drinking, was suffering from nervousness, had accidentally inflicted the wound. Clapp is 38 and his wife is 23.

Clapp has had a career which has frequently brought him before the public. He is a grand son of "Mason The Shoe Black King," and inherited much money from that source.

When the physicians at St. Joseph hospital notified the police that the man's condition was serious, Mrs. Clapp was taken to the institution by two policemen and a magistrate. As she appeared before Clapp he cried "Take her away, take her away!"

"She said she would get me and she did," said Clapp. "She is the best one I know with a six-shooter," he added.

"She is not afraid of a gun, man or the devil. Her name is Marie Leibel and she was a manicure in a Market street hotel."

Clapp then made a statement to the police which has not yet been made public.

Mrs. Clapp denies that she did the shooting and says she cannot understand why her husband should say she shot him.

After being cross-examined Mrs. Clapp said that the shots were fired while she was trying to wrest the revolver from her husband. The police report that Mrs. Clapp said that her husband awoke her for the purpose of quarreling with her. She said he drew a revolver from a holster which he kept under his pillow and threatened to kill her. She tried to get the pistol from him, she said, and in the tussle it was exploded.

She said she was so excited that she did not know how many shots were fired and did not know who pulled the trigger, but believed that her husband did. The police stated that the wound is of such a nature that it could hardly have been self-inflicted, but that the bullet must have been fired from the front of Mr. Clapp and at some little distance.

During the last night Mrs. Clapp said she and her husband quarreled over the question whether the bedroom window should be opened or closed. Mrs. Clapp said that she wanted the window closed while her husband desired it open. Mrs. Clapp was tonight released on \$2,500 bail. Her husband is still in a serious condition.

SUCCESSOR TO MRS. EDDY.

Robert Hannon Claims He Was Named by Her to Lead Church. Portsmouth, N. H., Dec. 12.—Robert Charles Hannon, of East Windsor, has announced that he is the successor to the head of the Christian Science Church, and has engaged Robert M. Grant, an attorney of Hartford, Conn., to bring suit against the directors of the mother church to support his claim. Last Friday, Mr. Hannon sent several thousand circulars broadcast over the world announcing that Mrs. Eddy had commissioned him on August 13, 1890, as her successor. The circular reads as follows:

"I wish to announce to the world at large, that I am the rightful successor and living representative of the teachings and healing system as taught by the late Mrs. Mary Baker Glover Eddy, chosen and commissioned by her, August 13, 1890, at No. 62 North State street, Concord, N. H. I am the spiritual head and teacher of divine science or the science of mind healing, having passed through her classes in the Massachusetts Metaphysical College, at 571 Columbus Avenue, Boston, in 1887, and I have a certificate to that effect signed by Mrs. Eddy. I shall be glad to answer all inquiries in the interest of mankind for the awakening and uplifting of the human race to help, strength and freedom and the teaching theory of life. I am (Signed) "ROBERT CHARLES HANNON, East Windsor, Conn.

A FIGHT ON OPIUM TRAFFIC

All Nations Will Take Part in International Conference—Negotiations With State Department—Details.

Washington, Dec. 12.—The State today announced successful completion of long continued negotiations looking to the gathering of an international conference with the object of suppressing the opium traffic. With the exception of Austro-Hungary all of the nations addressed on this subject by the Department have agreed to the conference and word came from The Hague that May 30th next had been unanimously accepted as the date and The Hague as the place for the conference. The American commissioners have not yet been appointed.

Among the nations which have accepted invitations besides the United States are China, Great Britain, France, Germany, Italy, Japan and Russia.

Great Britain has injected into the programme to be considered a proposition to include morphine and cocaine with opium in the prohibition to be enforced. American rigidly will support this proposition. It is declared in view of the frightful ravages caused by these drugs in the United States. Secretary Knox has reported to Congress that the manufacture of morphine has come to be an American monopoly with an enormous growth of production. Cocaine also, he said, has proved to be a creator of criminals and of unusual forms of violence. Last year 85,000 ounces of cocaine were imported and 5,000 ounces would have supplied every legitimate medical need.

The Hague conference is called to place the traffic in these drugs under the control of international law. The conference will seek to have the delegates recommend to their own governments measures for the suppression of the growth and use of opium, morphine and cocaine except upon physicians' prescriptions; to prevent the shipment of the drug to other countries; the control of their sale and use; the closing of opium resorts and the extension to foreign concessions in China of the pharmacy laws of the various countries.

The State Department is preparing legislation to be submitted to Congress regulating the interstate traffic in the three drugs and a hearing will be held before the Ways and Means Committee next Wednesday on drafts of four bills covering the subject.

BRAZIL IS QUIET AFTER THE REVOLT

Marines Formally Surrender and Government Troops Hold Barracks.

200 REBELS WERE KILLED

Fresh Government Troops Now Occupy the Barracks—Rebels Fought Until Their Ammunition Gave Out—Details.

Rio Janeiro, Dec. 12.—The revolted marines on Cobras Island formally surrendered today and fresh government troops occupied the barracks. Upon the order of the government the cruiser Barroso and the scouting ship Rio Grande do Sul quitted the harbor today for a destination not announced. It is said, however, that the scout ship proceeded for Santos.

The Rio Grande do Sul was the only vessel which took part in the mutiny which began Friday night and continued until the rebels were dislodged from the barracks on Cobras Island. When the government troops occupied the island they met with no resistance, the few mutinous marines remaining there promptly surrendering. The rebels gave up the fight when their ammunition was exhausted and their appeals to the battleships Minas Geraes and Sao Paulo for support met with no response.

It is thought that 200 rebels were killed and that 20 citizens were injured fatally during the scout ship's bombardment of the city. The material damage to the city was not great.

Late today the other vessels of the fleet with the exception of the dreadnoughts Minas Geraes and Sao Paulo put to sea under sealed orders and with government officers in command. It is reported that the breach locks of the dreadnoughts' guns are in the possession of the government officials.

The Leibel and she was a manicure in a Market street hotel."

Clapp then made a statement to the police which has not yet been made public.

Mrs. Clapp denies that she did the shooting and says she cannot understand why her husband should say she shot him.

After being cross-examined Mrs. Clapp said that the shots were fired while she was trying to wrest the revolver from her husband. PERMANENT COMMISSIONER.

To Settle Tariff Difficulties—Beveridge and Aldrich.

Washington, Dec. 12.—The start of a fight for a permanent tariff commission began in the Senate today, when Senator Beveridge asked what action the finance commission proposed to take upon his tariff commission bill. Whether the fight develops will depend upon the action of the finance committee of which Senator Aldrich is chairman. The latter stated, in reply to Senator Beveridge's question, that the committee will report on a tariff commission bill satisfactory to Mr. Beveridge, while the latter and Senator Aldrich are still members of the Senate. The terms of both men expire March 3.

Upon this assurance the Indiana Senator did not press the commission issue further.

Winchester, Ky., Dec. 12.—Asphyxiated either by accident or by the design of herself or some other person, the body of Mrs. Melvie Stuart, a widow, 28 years old, of Georgetown, Ky., was found in a hotel room here today. Rodney Brookshire, of Winchester, one of three companions with whom she came to the hotel told the police that she could shed no light on the mystery.

LORIMER CHARGES NOT PROVEN

Illinois Senator Exonerated by Committee of the Senate—Senator Was Charged With Bribery in Election.

Washington, Dec. 12.—The subcommittee of the Senate, which has been investigating the charges of bribery in connection with the election of Senator William Lorimer, of Illinois, decided unanimously today that the testimony does not prove any of the charges made.

The committee took up the evidence in its entirety at an executive session. It canvassed the testimony, weighed the evidence and the arguments, and took into consideration all of the facts that have been advanced in connection with the charges concerning Lorimer's election and decided there had been shown no foundation for the charge that bribery had entered into the case in connection with Mr. Lorimer's election.

The motion finally was offered to report to the full committee of the Senate that the charges made against Lorimer had been proven. On this motion there was no dissenting vote in the subcommittee. Following the action the sub-committees report will be prepared for the full committee at once; and the report will be sent to the Senate within a short time.

FATE OF LEBLANC GIRL

Will Be Known Soon—The Evidence Completed.

Cambridge, Mass., Dec. 12.—The evidence upon which the jury will convict or acquit Hattie LeBlanc of the murder of Clarence F. Glover was completed shortly after the beginning of the afternoon session of the trial today and the remaining two hours was occupied by Melvin M. Johnson, the leading counsel for the little Cape Breton girl, in the opening of his plea for her life. He said that the little girl was brought from the provinces solely for the "white slave" traffic and then turning to Mrs. Lillian M. Glover, who induced her to leave her home, Mr. Johnson denounced the widow as a vampire.

He will finish his argument tomorrow.

District Attorney John J. Higgins today made one last effort to introduce Glover's dying statement that Hattie LeBlanc shot him, but when he said that Mr. Johnson himself said that Hattie had admitted the shooting, there was a burst of passionate protest by the defense. Again Judge Bond ruled the evidence out of the case. When Mrs. Glover was on the stand the district attorney became involved in a heated argument that became so bitter that the district attorney was threatened with expulsion.

Two more witnesses were introduced who said they saw Mrs. Glover close by the laundry on the evening of the shooting, whereas the widow denied that she was out of her house on that night.

Then the principal defender of Hattie LeBlanc began his final effort to obtain her freedom.

It was expected tonight that Mr. Johnson would close before noon tomorrow and that the remainder of the day would be taken up by the district attorney.

MISS GRAINGER ATTENDED.

Accompanied Miss Taft to Monday German in Baltimore.

Baltimore, Dec. 13.—Miss Helen Taft, daughter of President Taft, who has been entertained for several days by Mr. and Mrs. Theodore Marlburg of this city, was the guest of honor tonight at the Monday German in Lehmann's Hall, which inaugurated Baltimore's social season. A number of the guests were from New York, Washington and other cities.

Prior to the German a dinner in honor of Miss Taft was given at the home of Mr. and Mrs. Marlburg. Miss Taft, Miss Christine Marlburg and the latter's cousin, Miss Katie R. Grainger, of Wilmington, N. C., who attended the German afterwards, were chaperoned by Mrs. Bruce Cotton.

ASHORE ON CAROLINA COAST

Schooner Wm. H. Davidson Probably Will Be Total Wreck.

Norfolk, Va., Dec. 13.—The three masted schooner, William H. Davidson, of Crisfield, Md., from Beaufort, N. C., lumber laden for an Eastern port, went ashore last night on the North Carolina coast about one mile south of Paul Gameli's Hill Life Saving Station and probably will be a total wreck.

When life savers who went to the assistance of the schooner early today found the vessel in bad condition, the captain and crew of the Davidson were landed in the breeches buoy and all are now safe at Paul Gameli's Hill Station.

The Davidson was of 272 net tons. She was built in New London, Conn., in 1894.

Washington, Dec. 12.—Robert J. Spear, of Macon, Ga., private secretary of Representative Bartlett, of Georgia, was today appointed a house committee stenographer, at \$5,000 a year, succeeding H. F. Dodge, who resigned. He is the second Democrat appointed to the stenographic staff of the House by Speaker Cannon.

WHITE CONFIRMED AS CHIEF JUSTICE

Choice of President Taft For Supreme Bench Passed Upon by Senate.

TWO FOR ASSOCIATE JUSTICE

Judge DeVanter, of Wyoming, and Joseph Lamar, of Georgia, Also Nominated—New Court of Commerce Judges.

Washington, Dec. 12.—The Senate today confirmed the nomination of Edward Douglas White, of Louisiana, to be chief justice of the United States the highest judicial position in the government. President Taft's promotion of Associate Justice White was received by the Senate shortly after it convened. It interrupted business to go into executive session to make the necessary confirmation as the rule requiring reference of nominations to committees does not apply in cases where the appointees have served as members of the Senate.

Chief Justice White's commission will be issued before another session. Accompanying Justice White's name in the list of nominations were those of Judge Willis Van Devanter, of Wyoming, now a judge for the Eighth Judicial Circuit, and Joseph Lamar, of Georgia, formerly of the Supreme Court of his State, to be associate justices of the Supreme Court of the United States. No action was taken in their cases, although there is no apparent opposition to either jurist, nor was an attempt made to confirm the judges named for the new Court of Commerce. All were to the Senate Judiciary Committee. The nominations for the Commerce Court.

Martin A. Knapp, new chairman of the Interstate Commerce Commission, for a term of five years. Robert W. Archbald, now United States judge for the middle district of Pennsylvania, term of four years. William H. Hunt, now a judge of the Court of Customs Appeals, formerly United States district judge of the district of Montana, term of three years.

John Emmett Carlund, of South Dakota, to be judge of the new Court of Commerce for a term of two years. This is a change from the original plan of Arthur C. Danielson, United States district judge for the Western district of Michigan, having first been selected for this place.

Julian W. Mack, now judge in the Appellate Circuit Court of the first Illinois district, term of one year.

To be members of the Interstate Commerce Commission—B. H. Meyer, of Wisconsin, and C. C. McChord, of Kentucky.

The appointments to the Interstate Commerce Commission are to fill the vacancies caused by the elevation of Mr. Knapp to the commerce court and the forthcoming resignation of former Senator Francis M. Cockrell, of Missouri. The commission will select its new chairman.

The members of the commission remaining are Messrs. Clark, Harlan, Clements, Lane and Prouty.

In the official nomination sent to the Senate today the members of the new commerce court are designated as additional circuit judges. In carrying this out, M. Knapp is named as a judge for the second judicial circuit; Mr. Archbald for the third judicial circuit; Mr. Hunt for the fourth judicial circuit; Mr. Carlund for the eighth judicial circuit and Mr. Mack for the seventh judicial circuit.

Justice Garland, of South Dakota, named as one of the new judges of the Court of Commerce is a Democrat, having been appointed to the bench by President Cleveland.

The Senate Committee on Interstate Commerce will meet tomorrow to consider the nominations of C. C. McChord, of Kentucky; B. H. Meyer, of Wisconsin, for membership on the Interstate Commerce Commission.

It is said there will be no serious opposition to the confirmation of either, but as the Senate has no first knowledge that Chairman Knapp, named as the presiding judge of the Court of Commerce, intends to retire from the commission, the nominations will go over until another meeting. The chances are that no action will be taken until after Judge Knapp has been confirmed for the position to which he was appointed today.

The Senate surprised itself by its speedy action upon the nomination of Chief Justice White.

he learned of the Senate's prompt action. He was on the bench when a group of Senators called to congratulate him. He met them in an ante-chamber and when he resumed his place his eyes were brimming with tears.

He disclosed further emotion when, on the adjournment of the court, the entire Louisiana delegation in Congress, headed by Senators Foster and Thornton, called to congratulate him. Late today the new Chief Justice called at the White House to pay his respects to the President and to thank him for the high honor conferred upon him.

Associate Justice Hughes said of the appointment of Justice White as chief justice: "An admirable appointment. I hold Mr. Justice White in the highest esteem and his appointment is in every way fitting."

AFFAIRS AT STATE CAPITAL.

New Corporations—Fire in Church—Industrial Statistics.

(Special Star Correspondence.)

Raleigh, N. C., Dec. 12.—An exceptionally large congregation in Christ Episcopal Church Sunday morning was startled by the announcement from the chancel that the building was on fire. However, there was no panic and the admonition of the rector that the people pass out in a quiet, orderly way was heeded to a remarkable degree. An assurance on the part of the minister that serious and immediate danger did much toward averting a panic. The fire was in the basement. Woodwork close by an immense new furnace had inadequate asbestos protection. The city fire apparatus was quickly on the scene and prevented the spread of the flames into the church proper. The damage in the basement was very slight. Indeed, it is regarded as quite fortunate that the fire occurred at a time when it could be so quickly detected, thereby saving one of the handsomest and best church properties in the State from serious damage. The defect in the installation of the new heater will be remedied at once.

The Legislative committee for the examination and comparison of the books and vouchers in the State Treasury and the State Department of Insurance, and in the State Department of Insurance, began its final examination for this legislative term today, with a view to preparing its final report to the approaching Legislature. The committee comprises Senators J. D. Elliott, of Catawba, and O. L. Clark, of Clark, and Representatives R. R. Cotton, of Pitt; T. J. Murphy, of Guilford, and C. E. Taylor, of Brunswick. It was the legislative committee of two years ago that furnished one of the distinct sensations of the last session of the Legislature through its findings as to the conditions in the insurance and other departments. However, it is believed that the more adequate provision made two years ago, the clerical force and up-to-date filing and other office appliances for thorough system, have removed the possibility of complications such as those two years ago. The committee began work today in the treasury.

The Mecklenburg Farms Co., of Charlotte, received a charter today for the development of farming property and real estate generally, the capital being \$100,000 and the principal incorporators F. C. Abbott and F. E. Miller. Other charters are the Powell-Dosher Co., Southport, capital \$3,000 by F. L. Brown and others, and the Southern Land Co., Southern Pines, capital \$20,000, by E. L. Ashle and others for developing real estate.

Commissioner of Labor and Printing M. L. Shipman, has completed the chapter of his forthcoming annual report treating cotton, woolen and silk mills, the showing being that there are of these three classes of manufacturing plants 22 in the State, although detailed reports were secured by the commissioner from only 300 of them. These 300 show \$53,997,545 capital; 3,348,022 spindles; 56,516 looms; 550 bidders; 7,762 cards. These mills employ 52,440 operatives and there are dependent on these for support 148,810 people. Much the larger per cent. of the reports from mills show improvements in the proficiency of the employees. In the matter of the financial condition of the 53 per cent, 24 mills not reporting. In education matters improvement is reported from 71 per cent. of the mills. The reports indicate that only 1 per cent. of the mills are failing to comply with the State labor laws. Wages range from \$2.54 to 63 cents. The average day's work is ten hours and 45 minutes. There are 88 of the mills equipped with power, while 109 use steam power.

The commissioner reports 70 knitting mills with \$3,619,100 capital reported by 57 of them, the others not reporting. These mills operate 109,680 spindles, 8,298 knitting machines, sewing machines 699, horsepower used \$210, 18 being equipped for electric power. The wages range from \$2.25 to 59 cents. Seven of the mills report no improvement in the proficiency of operatives, the others, however, reporting proficiency.

MILITIA CALLED OUT.

To Prevent Mob From Blowing Up Columbus, Ga., Jail.

Columbus, Ga., Dec. 12.—Two companies of State militia, under command of Major Morgan, tonight were placed on guard at the county jail to prevent an attempt to blow up the building. The men were called out at the request of Sheriff Baird. Bitter feeling has been aroused as a result of the shooting of several citizens early Sunday morning when a mob sought to break into the jail to secure Henry Taylor, a negro held for an attempted assault on a white woman. Taylor in the meantime had been transferred to the Fulton county jail at Atlanta.

Jailer Phelps, one of the men shot Sunday morning, is not expected to recover.

Washington, Dec. 12.—A board of naval physicians was today appointed by the Secretary of the Navy to investigate the typhoid epidemic at Annapolis. The board is composed of the following: Medical Inspector John M. Eddar; Surgeon Edward G. Parker; Surgeon Charles St. J. Butler, and Passed Assistant Surgeon Owen J. Mink.

MR. FALES WRITES.

Conditions on the Sabbath are Unbearable—Going to Resign.

Wilmington, N. C., Dec. 12, 1910. Editor Star, City.

Dear Sir:—Just a little more about the conditions of Wilmington, as to our Sabbath day, as I saw it yesterday, when I carried my family out Castle street in the afternoon. I began to think that I ought to have carried my gun, instead of my family, when I came in contact with mobs of drunken negroes blocking the drive-way, hollering, cursing, all kinds of language; even some whites. It has brought me to the conclusion that our next meeting to ask that all restrictions against the licensed saloons be revoked, and let them have equal rights with others, as they seem to have more advantages. Also, ask that so-called restaurants and all other kinds of Sabbath breakings, except crap shooting, as they can find protection in those unlicensed tigers, as our police are not going after them, as this ordinance is strictly enforced, along with the feed box ordinance, as our chief is enforcing those ordinances without fear or favor. None of our police are afraid to tackle, as they seem to be the greatest morals in peace and dignity in our city. It seems to me the lewd women, unlicensed tigers, Sabbath breaking is hardly noticed. We have strict ordinances against all of those, which are not carried out. Something is rotten in Wilmington. As I go to church our pastor, as all other ministers, preaching mission sermons, which I think is all right, but don't think it is right to send our money to Christianize an element of people to come here and desecrate the Sabbath and rob our children of the dimes and nickels we give them for missions, as one of my little boys, a few Sabbaths ago, I wish our noble ministers would meet our next board and demand that this, and other ordinances should be carried out. I commend Dr. McClure for going before our Board, and ask us not to suffer a tiger to set up near his church, which was unanimously granted before the Board. I wish he had asked us not to allow any in Wilmington, as they are more amenable next to our homes, than they would be next to our church, as our children are there only a short time. However, this request was granted unanimously, and I am in hope that he and other pastors of our city, will take in greater territories soon, as our Rev. Mr. Martin did last night, calling out open names that he and all other good citizens know are responsible for the conditions of our city, and laughing it to scorn, inasmuch as to say, "If I can't rule you, I will run you," though it makes him shudder to realize what he has done, and conditions that are still to come. It will be a memorial to his memory. O, for preachers like Rev. Martin! That is not getting salary now, to be afraid to call names from his pulpit, and denounce them in spite of fear or favor, and if he prays it like he preaches it, and two others only join him, and the truths of the Bible is carried out: I would hate to be responsible for the rowing and lawlessness of this city.

Well, I haven't expressed half I know, but haven't any apologies to make for the few things I have said. I have asked our honorable Mayor to resign, and not loan any more of his good virtues to carry on this lawless condition, but it is up to him. I want to tell all good citizens that voted for me, to whom I feel grateful, that I am going to resign at our next meeting, as I am ashamed of the obligations that I pledged to this so-called honorable city, as I can't carry any of them out. Respectfully,

J. B. FALES, Alderman.

MURDER AND ROBBERY.

Nathan B. Hyde Victim at Chicago. One Time Lawyer.

Chicago, Dec. 12.—Nathan B. Hyde, former U. S. Commissioner for the Southern district of Wisconsin, and at one time a member of the New York bar, was found dead in his home on the west side tonight. His head was cut open by a blow from a crowbar which was found near the body. The house was ransacked and the police say robbery was the motive for the murder.

Mr. Hyde was 75 years old and had lived in Chicago since 1905. His wife died before he came to Chicago, and since then he lived alone. Neighbors of the dead man declare he was wealthy. Mr. Hyde had practiced law at Sheboygan, Wis.

IT'S ALWAYS BAD

The Best of Backs Are Bad When They Ache, and Wilmington People Know It.

A bad back is always bad. Bad at night when bedtime comes. Just as bad in the morning. Ever try Doan's Kidney Pills for it? Know they cure backache—cure every kidney ill?

If you don't, some Wilmington people do.

Read a case of it: Mrs. M. W. Moore, 510 Princess street, Wilmington, N. C., says: "I cannot say too much in favor of Doan's Kidney Pills. I never used another remedy that gave such good results. I suffered from dull, nagging backaches which made it impossible for me to assume a comfortable position. I was also caused much annoyance by a difficulty with the kidney secretions. When I read about Doan's Kidney Pills I procured a box from Robert R. Bellamy's Drug Store and began taking them. They soon cured me and I have had no kidney trouble since. I have told several of my friends about Doan's Kidney Pills and shall continue to recommend them whenever I have an opportunity."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

PATRICK T. POWERS OUSTED.

Barrow Placed at Head of Eastern League of Clubs.

New York, Dec. 12.—The Eastern League of Professional Baseball Clubs met in annual session today at the Hotel Victoria, ousted Patrick T. Powers, of Jersey City, from the presidency, which he had held for 18 years and elected Edward G. Barrow, of Toronto, recently manager for the Montreal Club, to the position. For the first time in the history of the Eastern League, its session was attended and closely watched by the club owners of the two major leagues.

The National agreement expires with the close of next season and there is expectation that the Eastern, now in a prosperous condition, will demand recognition.

With the new president elected the league decided on a 154 schedule for next season. The meeting to fix the schedule is to be held in Baltimore on February 6th. The season is to start on April 20th. A number of protests and other business will be considered tomorrow. The National League meeting is also scheduled for tomorrow.

Negro Given Three Months.

Deve Tinsley, colored, was the principal defendant in yesterday's session of the Recorder's court. He was charged with the larceny of a chewing gum slot machine from Mr. W. P. Woodcock's place of business on North Fourth street. He was found guilty and sentenced to three months on the county road. Twenty Snobbers was fined \$25 and costs for carrying concealed weapon and \$5 and costs for firing a pistol in the city limits. Several drunks were assessed the usual amount.

THE SWINE OR THE PLOVER?

Ah me! I saw a huge and loathsome sty, Wherein a drove of wallowing swine were barred,

Whose banquet shocked the nostril and the eye;

Then spoke a voice, "Behold the source of land!"

I fled, and saw a field that seemed at first One glistening mass of roses pure and white,

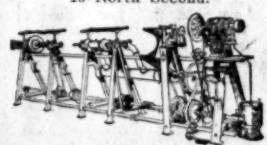

With dewy buds 'mid dark green foliage nursed;

And, as I lingered o'er the lovely sight, The summer breeze, that cooled that Southern scene,

Whispered, "Behold the source of COTTOLENE!"

Literary Societies Elect Officers—Athletic News and Notes.
(Special Star Correspondence.)
West Raleigh, N. C., Dec. 12.—The officers of the two literary societies, the Leazar and the Pullen, elected for the spring term are as follows: Leazar, President, H. Roy Cates; Vice-President, W. H. Graham, Jr.; Treasurer, A. K. Robertson; Secretary, H. L. Taylor; Censor, R. W. Groeber; Critic, J. J. Eason; Sergeant-at-Arms, W. B. Stover; Pullen—President, F. T. Peden; Vice-President, T. H. Stafford; Secretary, W. N. Sloden; Treasurer, T. D. Harris; Librarian, N. B. Stevens; Critic, J. H. Brown; Censor, K. Bryder; Chaplain, R. E. Stevens.

The Senior debaters selected by the societies are as follows: Leazar, J. M. Beal and Geo. R. Ross; Pullen, F. T. Peden and J. H. Brown. Club life has become very popular at A. & M., there being three state clubs, Florida, Virginia and the South Carolina, and seven county clubs, Nash, Mecklenburg, Johnston, Cabarrus, Guilford, Alamance and Robeson. The former students of the Warrenton High School have formed a live and progressive club, as have also Oak Ridge Institute.

Last Thursday, President D. H. Hill addressed meeting of farmers at the county fair held at Smithfield. Saturday morning in the Chapel, Dr. Thos. P. Harrison, dean of the faculty, and head of the Department of English, gave a short talk on the like, states that mashed carrot great Russian potato.

AFFAIRS IN COLUMBUS.

Good Roads Association to Meet Jan. 3rd—Hon. O. L. Clark.

(Special Star Correspondence.)
Whiteville, N. C., Dec. 12.—Mr. K. Clyde Council, secretary of the Good Roads Association of Columbus county, announces that the next meeting will be held in Whiteville, N. C., on Saturday, Jan. 3rd, at 10 o'clock. Dr. Joseph Hyde Pratt, State Geologist and exponent of the Good Roads cause, will be with us on that occasion. Mr. Council says that instead of the unusual good roads meeting, he hopes he can make this a big Good Roads Day, and that the people of the entire county turn out. Mr. Clyde Council is doing a great service in working up good roads sentiment in Columbus county, and is a hustler. He is exceedingly popular with the people, who have faith and confidence in him.

The Masonic Fraternity yesterday attended the burial of Mr. John W. Jolly, of Clarendon, of which order he was a leading member.

Hon. Oscar L. Clark, of Clarkton, spent a part of Saturday in Whiteville, shaking hands with his many friends. This was his first visit since the recent primary election. Mr. Clark in reply to an inquiry from the Star's correspondent, says he supposes the little financial stringency last summer prevented Col. Mills from starting work on his projected railroad to Clarkton, but that they have not by any means abandoned the idea of getting the road. He is enthusiastic on the subject of drainage, and predicts that before many years drainage districts will be organized all over this section. They are now at work draining Lyon's Swamp in Bladen, and which will dry off several thousand acres of fine farming land. Senator Clark is author of the splendid drainage law now in force in our State, and which is one of the most important acts ever passed in North Carolina.

FOR GOOD ROADS.

Chief of Police Williams Writes Kenansville Paper on Subject.

Chief of Police N. J. Williams, of this city, is an earnest advocate of good roads and in the Kenansville News of this week appears a letter from him on the subject, which will be of interest here:

"Wilmington, N. C., Dec. 5, 1910.

"D. S. Hines, Esq.
"Dear Sir:—I have been reading the Eastern Carolina News and am enjoying it very much. It always makes a fellow feel glad to hear from his old homefolks and their prosperity. I notice in the last issue an article you have on good roads. This is the one I have proposed of the day. No county can afford to continue the old sandy roads. They are getting to be a thing of the past. When I came to Wilmington the roads in New Hanover county were bad, and now we have good roads leading from the city from every direction. The result of this has been an increase of from one to three hundred dollars per acre for land. The same land that brought eight and ten dollars per acre, well now for one, two and three hundred dollars per acre. A farmer can pay half the price of his land for good roads, and then double his property valuation. I hope you will push this matter until some of the old roads that I used to travel that would take a yoke of steers to pull an empty cart will be filled with splendid teams. Respectfully,
N. J. WILLIAMS.

"Mr. Williams is a native of Faison community and knows all about our bad roads."

TRINITY COLLEGE NOTES.

Debate With Sewanee—Also With Swarthmore—Dr. Rawlings.
(Special Star Correspondence.)
Trinity College, Durham, N. C., Dec. 12.—The time is rapidly drawing near when the eyes of many Southern colleges will be turned toward Trinity again. On December 17th, the debate with the University of the South will be held at Sewanee, Tenn. This debate was to have been held last year, but on account of reasons advanced by Sewanee it was indefinitely postponed. Trinity will be represented by Mr. Clyde O. Fisher of Cary, and Mr. E. J. London, of Asheville.

The first of the two preliminaries for the selection of the debaters for the debate with Swarthmore College, Pennsylvania, was held last Tuesday night in the Y. M. C. A. hall at the college. The debate council last year decided to have two preliminaries for the selection of men to represent the college in intercollegiate debates. From this preliminary these men will be chosen, and the second contest will be held on the night of December 17th. The question for debate with Swarthmore is the one chosen by the Pennsylvania Debate League, and is as follows: "Resolved, That our legislation should be shaped toward the gradual abandonment of a protective tariff." This debate will be held in Durham, February 15th.

Prof. R. L. Flowers, chairman of the Faculty committee on athletics, is in Birmingham, Ala., where he went to attend the meeting of the Southern Inter-Collegiate Athletic Association. This association this year will be the guest of Howard College in Birmingham. This association decides the eligibility requirements for students who participate in athletic contests as representatives of institutions belonging to the association.

Dr. H. Rawlings, assistant secretary of the Board of Missions of the Southern Methodist Church, addressed the students of the college in the Y. M. C. A. hall Monday evening. Mr. Rawlings has just returned from an official trip around the world in the interest of missions, and his talk was full of enthusiasm, as he was well acquainted with the subjects upon which he spoke.

FROM OAK RIDGE.

News and Notes from This Favorite North Carolina School.
(Special Star Correspondence.)
Oak Ridge, N. C., Dec. 12.—This is between seasons at this school. The mind of the average boy here is running riot in anticipation of Christmas joys. And although all the classes have definite tasks to accomplish, and everybody is very busy, still the glad season is near at hand, and there is no difficulty in reading it, as though it were painted on the brow. Time drags its weary length along, and one by one the less ambitious, or weaker succumb, and buy tickets for home.

The spring session begins on Tuesday, January 3rd, and the prospects now are that it will be a record breaker in point of attendance. The Business College Department has a large number of men registered for the spring session already, and the upper classes are large, and the school spirit was never better. The base ball team has a large number of games scheduled, and the music class will give several concerts during the session.

Prof. M. H. Holt returned Tuesday night from the semi-annual meeting of the board of directors of the North Carolina School for the Deaf at Morganton. He reports the school in excellent condition, and that many improvements are hoped for in the near future. There will probably be three hundred pupils there next year. The semi-annual report will go to press next week.

The Institution closes its work next Thursday for the holidays. The Literary Societies expect to hold their annual banquets on Thursday night, December 15th.

Mr. Martin H. Holt, accompanied by her grand daughter, Mary Elbridge Holt, left for San Diego, Cal., Thursday night, to spend Christmas. They will visit her daughter, Mrs. Myrtle Holt Bennett, and family at that place. They should reach San Diego Tuesday next.

SMOKELESS
OIL HEATER
Absolutely smokeless and odorless

It quickly gives heat, and with one filling of the font burns steadily for nine hours, without smoke or smell. Has automatic-locking flame spreader which prevents the wick from being turned high enough to smoke, and is easy to remove and drop back, so the wick can be cleaned in an instant. It has a cool handle and a damper top.

An indicator always shows the amount of oil in the font. It has a filler-cap which does not need to be screwed down; it is put in like a cork in a bottle, and is attached to the font by a chain.

The burner body or gallery cannot become wedged, because of a new device in construction, and consequently it can always be easily unscrewed in an instant for reworking.

The Perfection Oil Heater is finished in Japan or nickel. It is strong, durable and well made, built for service, yet light and ornamental.

PUBLISHERS' ANNOUNCEMENT.
THE MORNING STAR, the oldest daily
newspaper in North Carolina, is published
daily except Monday, at 10 per year, \$2 for
six months, \$1.50 for three months, 50
cents for one month, served by carrier in
the city or by mail.

THE SUNDAY STAR, by mail, one year,
\$1; six months, 50 cents; three months, 25
cents.

ADVERTISING RATES may be had on
application and advertisers may feel assured
that through the columns of this paper
they may reach all Wilmington, North
Carolina and contiguous territory in South
Carolina.

Obituary sketches, cards or thanks, com-
munications supporting the cause of a pri-
vate enterprise or a political candidate, and
like matter, will be charged at the rate of
10 cents per line if paid cash in advance.
A half rate will be allowed. Announce-
ments of fairs, festivals, balls, hops, pic-
nics, society meetings, political meetings,
etc., will be charged under same conditions
except so much thereof as may be of news
value to readers of the paper.

Advertisements discontinued before ex-
piration of contracts are charged transient
rates for time actually published. Pay-
ment for transient advertisements must be
made in advance. Contract advertisers will
not be allowed to exceed their space at
any time or to advertise anything foreign to
their regular business without extra charge.
Advertisements to occupy special place will
be charged for according to position se-
lected.

they ought to have found out who
was guilty.

Says the Asheville Citizen: "Jer-
ry Moore," says the Columbia State,

he had been born in the Palmetto
State it would worry Jerry more.
No more of this, or the Citizen will
be Jerry-mandered.

Miss Frick, a Minnesota lady who
teaches domestic science, cooking and
the like, states that mashed car-
rots are superior to eggs for use in
making puddings. It is said it less-
ens the cost and people who eat
the pudding can't tell the difference.
We are rather inclined to think
there is some egg-saggeration in Miss
Frick's claim.

If you are a merchant you may
know you have Christmas merchan-
dise for sale but there are thousands
of readers of the Star who don't
know it. A small amount of money
spent for an advertisement would
keep them posted and benefit mer-
chants who probably will have a lot
of goods left on hand because very
few know what they have for sale.

The new style of Senator is a man
who goes to Washington to represent
the people instead of special inter-
ests in which he has a large share
himself. If the Senators had repre-
sented the people all along there
would be no popular clamor for elec-
tion of Senators by direct vote of
the people. Very largely Senators
have ceased to represent the States
or the people.

An Oregon farmer who insists that
the earth is flat took his children
away from school because they were
taught that the world is round. He
was arrested and put in jail because
the compulsory education laws of his
State require him to send his children
to school. The Oregon farmer is
not the first man whose ignorance
landed him in jail.

Now comes the report that the
altitude record for an aeroplane be-
longing to M. Legagneux, a French-
man. At the aviation meet at Pau,
France, on Saturday, he reached a
height of 10,499 feet with a Blériot
monoplane. When he came down he
was half frozen. Previous to this
record, J. Armstrong Drexel, at
Philadelphia, November 23rd, made
the height record of 9,897 feet.

The esteemed North Wilkesboro
Hustler tells us that Mr. Lindsey
Patterson has stocked his Watauga
county farm with a carload of Slet-
land ponies and will raise them for
market. There are a whole lot of
other things that should be under-
taken in North Carolina, but which
are not thought of by people who
don't read and keep up with the
times. Lack of information is the
State's greatest drawback.

The combined population of North
and South Carolina is 3,721,687
which is more than the entire coun-
try had at the close of the American
Revolution, when it was estimated
that the population of all the States
was a little less than 3,000,000. The
first census was taken in 1790 when
the Union consisted of seventeen
States with a total population of 3,
929,214. Now the population of the
United States and its dependencies
is 101,100,000 of which 91,972,266
are within the United States proper.

PANAMA CANAL EXPOSITION.

The New Orleans States remarks
that apparently the fight in Congress
over the choice of a site for the Pan-
ama Canal Exposition is shortly to
reach a critical stage. Washington
has been mentioned as the probable
site for the exposition but it really
seems that the greatest rivalry is be-
tween New Orleans and San Francis-
co. We refer to them, therefore,
when it is stated that the rival cities
are gathering strong delegations at
Washington and wires are being
worked from the Atlantic to the Pa-
cific and from the Great Lakes to
the Gulf of Mexico in the effort to
capture votes. The completion of
the Panama Canal, scheduled for
1915, calls for a great American ex-
position, and without regard to sec-
tion it should be held in the most
logical city. As the Panama Canal is
a stupendous National enterprise,
it would appear that Washington
would be the place to hold the ex-
position, but as the National capitol
does not seem to be seriously taken
into consideration in this connection
it appears that Congress will be called
upon to decide between San Francis-
co on the Pacific and New Orleans on
the Gulf.

Barring the ambitions of the Cal-
ifornia city, all the logic of the con-
test is in favor of New Orleans. The
newness of New Orleans so far as all
the American Nation is concerned,
is in favor of the Southern city.
Leaving out Southern sentiment, the
great Louisiana city should be the
choice of the Nation for an ex-
position to celebrate the completion of
the canal and magnify its great im-
portance to the American Republic
and to the world. The location of
the exposition should be chosen
without regard to section and if that
is done all eyes must be turned to
New Orleans. The exposition should
be held there for the reason that it
is the one American city that will
more signally emphasize the impor-
tance of the canal in the world's com-
merce. It would be a mistake to
hold it elsewhere, yet San Francis-
co is making a tremendous effort
to secure the great exposition, the
greatest ever held in the history of
the great American Republic. With
reference to this momentous event
the New Orleans States observes:

"The odds are all with us with per-
haps two exceptions. One is the
question of money. The other is the
influence of Senator Perkins in the
upper chamber and the appeal which
California will make to Congress to
stand by her to insure the Califor-
nia electoral vote to the Republican
nominee in the presidential election
of 1912. A perfect flood of letters is
presently going out from Californians
high in business and politics ap-
pealing for support of San Francisco
on the ground that that city and
State have now raised \$12,500,000
and are ready to make an absolute
pledge to the nation that they will
finance the celebration without a
solitary cent from Congress. As
Governor Sanders pointed out during
the legislative trip, however, there
are other considerations of more
moment than money. Of them the
dominant one is that, if a great na-
tional celebration is to be held in
which the nations of the world are
to be invited, its locus ought to be
where it will be accessible to the
largest number of people, not so isolat-
ed that only the leisure classes will
be able to take it. Also it should be
within reasonable reach of the thing
which it is to celebrate. San Fran-
cisco is on the verge of the contin-
ent and if the celebration is held
there a relatively insignificant per-
centage of the people will have the
opportunity to participate in it,
while only the very well-to-do will
be able to indulge the expense of a trip
to the Canal itself. It is held in
New Orleans the bulk of the coun-
try's population may have a hand in
it if they wish to, with little loss of
time or money and with a chance to
take in the waterway as well."

No sectional bias or political con-
siderations should be considered in
this matter, and the above from the
States makes it so plain that New
Orleans should be the exposition city
that it is not necessary to express
a preference from a Southern
standpoint. California now promises
that she will not seek National as-
sistance for the exposition if San
Francisco is selected. Louisiana
has taken the position that the
whole burden ought not to be placed
on any community where the event
is to be celebrated, for the reason
that it is National in purpose and
is designed to further the commer-
cial interests of the entire country.
It, therefore, concerns the whole
Nation and so far as the expenses of
a great and costly exposition go we
are satisfied the Nation would ex-
pect to participate in the cost for
the reason that it must be such a
stupendous affair that it will re-
quire great National liberality to
make it representative of the Ameri-
can Republic and not of a mere lo-
cality.

That is the view that Congress
should take of it, and the United
States should not only defray most
of the expenses, whether the expo-
sition is held in New Orleans or San
Francisco, but so far as the choice
of localities for the exposition goes
we should think New Orleans should
have the preference, logically as a
matter of advantageous location. A
great feature of the exposition

should be excursions to the canal,
and no American city could furnish
that opportunity like New Orleans.

AMBITIOUS ROCKINGHAM.

The Rockingham Post of last Thurs-
day contains a splendid write up of
Rockingham, accompanied by a map
of that ambitious place, especially
emphasizing its near location to the
great hydro-electric plant which is
to be constructed at Blewitt Falls
on the Great Pee Dee river, with its
85,000 horse-power to be transmitted
for industrial purposes. The Post
illustrates Rockingham and tells all
about the progressive and flourishing
North Carolina town. It is already
a great cotton mill centre, located in
a magnificent country, within the
vicinity being ten cotton mills oper-
ating 103,388 spindles and 3,068
looms. There, are besides these,
two industries which manufacture
cotton bagging, a mattress and bed-
ding factory, foundry and machine
shops, two lumber plants, a harness
factory, waterworks, electric plants,
etc.

Rockingham surely has many nat-
ural advantages and is destined to
be one of North Carolina's leading
towns. The town has made rapid
 strides and the Post's illustrations
make a fine showing of her progress.
The illustrations are numerous, and,
of course, would not be complete
without a picture of the Hon. H. C.
Dockery, editor of the Post, a farm-
er who "who knows how," and a val-
uable citizen anywhere. He might
be a good editor, a capital farmer
and a man interested in all good
works, moral and industrial, but we
are rather stuck on him because he
is a good roads advocate first, last,
and all the time. Outside the moral
dilemma of North Carolina, we don't
know of any greater modern devel-
oper than good roads connecting ev-
ery section of North Carolina.

The industrial edition of Co. Dock-
ery's paper makes a splendid show-
ing for Rockingham and the Post is
a mighty good paper for that ambi-
tious town to have and stick to
through thick and thin. One thing
that makes us so hopeful of North
Carolina is that it has lots of ad-
vantageous places like Rockingham
and plenty of good men like Col.
Dockery.

United States Consular Represent-
atives report that we import \$6,000,
000 worth of toys every year from
Germany. We might diversify our
industries by manufacturing toys.
The profits are large and the work
is light.

Eating them alive is not such an
easy proposition when it comes to
eating Judge Simeon E. Baldwin,
of Connecticut. He persistently re-
fuses to be digested by Teddy and is
about the hardest nut to crack ever
tackled by the strenuous one.

There ought to be a drainage dis-
trict in East Wilmington. The gov-
ernment no doubt would drain the
creek adjoining the National cem-
etry and that would enable the land
owners in that section to use the
creek for reclaiming thousands of
acres of fine land by draining them
in connection with the government.
The creek flows by the National
cemetery and is so near Carolina
Heights and Carolina Place that its
drainage has become necessary.

There are in North Carolina a
number of counties which draw
more from the State Treasury than
they pay in. It is quite evident that
such counties do not pay their prop-
erty portion of the taxes. Counties
which are of no more importance to
the State than that they are its ben-
eficiaries, should be farmed out to
other counties or annexed to coun-
ties which sustain their just propor-
tion of the expense of conducting
the government of the State of
North Carolina. There should not
be in the State one single county
that receives more from the State
than it pays in. It is not only not
right, but there is something wrong
about it.

The Democratic party has more
than one strong man for every office,
from President down. The Hon.
Champ Clark, of Missouri, is not the
only eminently capable Democrat
for Speaker of the House, but we
take it that none other than the Mis-
souri statesman is seriously men-
tioned in that connection. The Hon.
Beauchamp is one of the most bril-
liant and scholarly men in Ameri-
can politics. He was a college pre-
sident for nearly 25 years and probab-
ly no man in this country is a closer
student of history and political
economy. In general knowledge he is
a walking encyclopedia, as a speaker
he is clear cut and brilliant, and
in debate is ready and in controver-
sial and can give a thrust or parry
one as keenly as any public man in
America. He will make one of the
greatest Speakers the American
House ever had.

A few days ago in the Star it was
mentioned that large numbers of
beef cattle were being shipped

from Western North Carolina. Many
of them are shipped to South Car-
olina, and Tennessee is also shipping
large numbers of cattle to the Pal-
metto State. In an article in the
Columbia State, December 12th, Mr.
J. M. Napier contributed an interest-
ing article in which he tells us that
an important new industry has been
developed in South Carolina. The in-
dustry is taking contracts to feed
large numbers of beef cattle for
market, the special object in feed-
ing these cattle on the farms being
to secure fertilizer for the farm at
minimum cost. This is something
new under the sun but it is a good
trick on us. The farmers who make
contracts to feed cattle dispose of
the forage at good prices and get
the fertilizer probably for nothing.

CURRENT COMMENT.

North Carolina seems to have
grown, but who can deny that "lung-
ers" are not responsible for that
growth? Pinehurst is really a small
edition of Boston transplanted.—

Cable reports say that a large de-
posit of a new mineral, which has
been named "calaita," has been dis-
covered in Spain. This mineral after
being calcined produces pure alumina
and pure silica of soda, and as a by-
product, soda potash. The sulphate
and potash markets are now control-
led in Germany. If the reports of this
discovery are correct, it may mean a
lot to the fertilizer manufacturing in-
terests in the United States. One
American firm, it is reported, has al-
ready offered to purchase 60,000 tons
of the new material.—Savannah News

One good thing is pointed out by
the Wilmington Star with reference
to the census of New Hanover coun-
ty. Until it began to grow truck its
land was regarded as worth next to
nothing. It now grows truck so well
that New Hanover soil pays a bigger
return than land formerly regarded
as the richest. In consequence of
this fact, the population of the coun-
ty outside of the city has increased
24 per cent. while the increase in
Wilmington has been 22 per cent.
This is good. Eastern North Car-
olina is peculiarly adapted to truck-
ing and this industry has trebled the
price of land in every county ad-
jacent to Wilmington.—Raleigh News
and Observer.

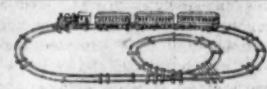

In the recent election in Clay coun-
ty the Republican candidate for the
House, Mr. R. L. Herbert, was given
the certificate of election, having re-
ceived about fifty majority. Mr. Wil-
liam H. Harrison, who was the Dem-
ocratic candidate, will contest the
seat and will fight it to the end. A
gentleman in Clay writes: "The elec-
tion of Herbert was accomplished, as
will be proved, by fraud, intimidation,
whiskey and vote-buying and by
methods the most shameful." The
evil of vote buying has come to be
a national peril and evil, and it is
creeping in to corrupt our elections.
This evil must be checked; and if it
has been employed in Clay, Mr. Har-
rison is doing a public service to
bring it to light.—Raleigh News and
Observer.

A telegram sent out from Washing-
ton conveys the information that a
Florida Congressman has presented
a petition to Congress signed by sev-
en thousand employees of the Atlantic
Coast Line Railway, asking that this
railway system be allowed to in-
crease freight rates. Such things
make the public very tired. Only a
few weeks ago, the Atlantic Coast
Line made a report showing that its
net earnings for the past year were
three millions dollars over the pre-
vious year. And yet, with increase
of net earnings of three million dol-
lars in one year, the road requests
its employees to petition that it may
charge higher freight rates. How
many of the employees knew that the
net earnings had increased three
million dollars when they signed the
petition?—Raleigh News and Ob-
server.

At the last session of Congress
Senator John Walker Smith pro-
posed the adoption of an amendment
to a bill providing for a survey of
swamp lands, including Maryland in
the proposed survey. This State has
an area of swamps as large as a
good sized county. In many of the
Southern States there are far larger
areas. The Southern Congressmen
contend that it is as much a legiti-
mate Federal undertaking to drain
swamp lands as it is to irrigate arid
lands. In irrigation a vast treasure

NEGRO INSTANTLY KILLED

Arthur Alderman Fearfully Crushed When He Fell Beneath Passenger Train From the North Sunday Morning.

Arthur Alderman, colored, 23 years old, for the past few weeks employed by the Southern Express Company in this city, was instantly killed Sunday morning about 10 o'clock near corner Eighth and Brunswick streets, when he attempted to board the A. C. L. passenger train from the North. His body was fearfully mangled and parts of his liver were found some distance from the track.

The train was not running very rapidly at the time, having entered the city limits. As the train passed at Eighth and Brunswick streets Alderman attempted to grasp one of the sides of the car. He missed his hold the first time and again reached for the handle. Missing the rod the second time he fell beneath the running train and his life was instantly crushed out. According to a statement of those on the scene a short time later the body was crushed into an unrecognizable mass of flesh and bones and parts of the negro's liver were found some distance away. It would seem that the accident was the result of the carelessness of the negro and some are inclined to think him in an intoxicated condition, otherwise he would have been able to take care of himself.

Dr. C. D. Bell, the county coroner, viewed the remains and being satisfied that it was an accident, gave permission for the removal of the body, which was entered in Pine Forest Sunday afternoon.

COLORED REFORMATORY.

Effort to Establish Institution Near Charlotte—Funds.

C. H. Watson, colored, manager and solicitor of the Colored Reform School Association of North Carolina, is in the city in the interest of the movement to establish a reformatory for colored near Caldwell, in Mecklenburg county. The association has secured an option on 300 acres of fine land on the Beattie's Ford road about 14 miles from Charlotte, and has paid \$200 and a committee is now working to raise \$1,800 by the first of January, the total of \$2,000 representing the first payment on the property, which will cost about \$11,000. The purchasers will be given considerable time in which to pay the remainder, \$1,000 a year being all they will have to pay until the debt is liquidated. Those behind the movement hope to have the amount of the first payment raised and paid on the property before the Legislature meets in January and it is the purpose to ask the General Assembly for an appropriation for the erection of buildings, and assistance of the support of a number of legislators has already been given. The proposition has the hearty endorsement of a number of the leading citizens of the State and the Charlotte Observer of a few days ago gave editorial endorsement to the movement. Already a large number of Wilmington people, both white and colored, have subscribed liberally, this being Watson's second visit to this city. At St. Stephen's Methodist Church, colored, tonight a public meeting will be held at which the people and it is hoped, that large subscriptions of both white and colored will be the result.

BOY IN CAR ACCIDENT.

Lawrence Spooner, Aged 10, Had Narrow Escape.

Falling from a freight car of the Tidewater Power Company, which he tried to board while in motion near the corner of Front and Castle streets, yesterday afternoon about 2:30 o'clock, Lawrence Spooner, aged 10 years, son of Mr. and Mrs. W. J. Spooner, of 719 Curry street, had his left foot badly mashed and had a very narrow escape from serious injury.

Freight car No. 35, in charge of Motorman E. D. Allen, attached to another freight car, both loaded with rock, was making a trip to the southern end of the line, when the youth attempted to catch the rear end of the front car and lost his balance. Falling to the ground, the front wheel of the rear car passed over the portion of the left foot, causing a painful but not serious injury.

The youth had a thrilling escape from fatal injury. He was sent to home on Surry street, where examination of the injury was made, and the physician stated that it was not serious.

THE MONODIET

about which we hear so much, does not mean living on one food except in the blood, will cause anemia, run down condition and sleeplessness.

Certain elements of nutrition are essential to health, but all these elements cannot be obtained from any one food—hence the necessity of a variety.

Deficiency of one or more of these elements, such as iron, for instance, in the blood, will cause anemia, run down condition and sleeplessness.

If you are one of the unfortunate who have drifted into this state, change your diet, eat foods that are rich in the mineral elements of nutrition, and take Vinol, our delicious cod liver and iron tonic, which contains no oil and supplies iron to the blood in the most easily assimilated form.

Vinol creates an appetite, aids digestion, makes pure, healthy blood. In this natural manner it builds up the run-down, weak and debilitated. If you don't find this to be a fact, we will return your money if you will try a bottle, Robert R. Bellamy, Druggist, Wilmington, N. C.

MOVEMENT IS TAKING FORM

Mayor MacRae Gives Notice That Application Will be Made to Legislature to Authorize Change of Charter.

The movement started some months ago for a commission form of government for Wilmington to take the place of the rather complicated system that obtains at present is taking more definite form, Mayor Walter G. MacRae yesterday, at the request of Representative Wadsworth Kellum, having issued a notice to the citizens generally of the city that application would be made to the next General Assembly of North Carolina to change the charter of the city, it being necessary to give 30 days' notice in order to secure favorable consideration of the matter. The following is the notice issued by the Mayor:

"Notice is hereby given that an application will be made to the General Assembly of North Carolina convening January 4th, 1911, to change the charter of the City of Wilmington. It is understood that the charter will be published for public information."

—WALTER G. MACRAE, Mayor.

Many prominent citizens have been quietly advocating a change to the commission form of government for some months and the board of Aldermen some time ago went on record as being unanimously in favor of the commission form, and Mayor Walter G. MacRae appointed a committee to draft the proposed change of the charter. This committee has been at work and has been aided by some of the best legal talent of the city. It is understood that the committee has practically completed its work and a rough draft of the proposed amendment will be given to the public within the next few weeks, so that all may be thoroughly familiar with what is proposed for the city and the citizens given an opportunity to make any suggestions before it is too late. It is presumed that a mass meeting of the citizens will be called to consider thoroughly every phase of the proposed change before the bill is sent to Raleigh to be enacted into law. The greatest possible publicity should be given relative to the plan proposed for the city so that all citizens will know what they are getting and will also be in position to offer any suggestions which they think should be incorporated in the act.

IMPOTANT BUSINESS CHANGE.

Mr. J. W. Freeman Purchased Interest in Chesnut & Barettine.

Mr. J. W. Freeman, who has been with the firm of Chesnut & Barettine, practically since the establishment of that well known and popular Wilmington house, has purchased the full interest of Mr. J. G. Barettine in the large and flourishing wholesale and retail business conducted by the firm for many years at No. 1039 North Front street. In the advertising columns of The Morning Star official notice is given of the change of the firm name to Chesnut and Freeman.

Mr. George W. Chesnut, the original senior member of the firm, will retain that relation, and his new partner, Mr. Freeman will take Mr. Barettine's place as Mr. Chesnut's full partner. Mr. Freeman has been with the firm nearly ever since it was established, about 20 years ago, and while he assumes a different relation now, he really grew up with the business, has been intimately identified with its progress, and has had a large share in its splendid success.

It is regretted that Mr. Barettine was compelled to retire on account of his health, for he had a host of friends who will miss him from active business circles of the city. The style of the firm will henceforth be Chesnut & Freeman and it is needless to say that these gentlemen will go on building up a business that for years has been recognized as one of Wilmington's leading mercantile establishments. Both Mr. Chesnut and Mr. Freeman have had years of experience in both the wholesale and retail branches of the shoe business, and both are widely known to the shoe trade in the Carolinas.

Messrs. Chesnut & Freeman have ample means for increasing capital and they propose to conduct it on a larger scale in both branches. The house already has a large jobbing and retail business, and it is widely known as one of Wilmington's leading business concerns. Messrs. Chesnut & Freeman are among Wilmington's best business men, and while they constitute a new firm, it really is the old established one, upon whose foundation they will build greater during the coming years.

COUNTY BOARD OF EDUCATION.

Regular Monthly Meeting Adjourned Until Friday Afternoon.

The County Board of Education met in the office of the county superintendent at the Court House yesterday afternoon at 4 o'clock, but no business was transacted, adjournment being taken until 3:30 o'clock Friday afternoon, at which time committee of districts Nos. 1 and 2, in the city, will be present and the High School building annex will be formally accepted, the building having been completed by the contractors and ready for occupancy. At the meeting Friday it is expected that a successor to Mr. W. H. Sprunt, a member of the board, will be chosen. Present at the meeting yesterday afternoon were Chairman J. O. Carr, Mr. D. J. Ferguson, the other member, and Prof. Washington Catlett, county superintendent of education.

THE SUNDAY SCHOOL WORKERS

Big Convention Begins at Grace Methodist Church This Afternoon—Prominent Visitors Will be in Attendance.

Everything is now in readiness for the big Sunday School convention which convenes at Grace Methodist Church this afternoon and continues in session through Wednesday night. The meeting is non-denominational and it is expected that every church in the city will be well represented at each session and all are assured that they will learn much of interest to them in their Sunday School work.

Representatives of the International Sunday School Association are now on a tour of the principal cities of North Carolina and Wilmington is one of the places to be visited. In the party are: Dr. Franklin McElfresh and Mr. Hugh Cork, field workers of the International Sunday School Association; Mr. J. Van Carter, secretary, and Rev. R. M. Andrew, president of North Carolina Sunday School Association, each of whom will have an important place on the programme for the meeting in this city, especially the two first named.

The first session will be held at 3 o'clock this afternoon with devotional exercises conducted by Rev. Dr. A. D. McClure, pastor of St. Andrew's Presbyterian Church, following which Dr. McElfresh will address the gathering on "The New Call for Christian Leadership." Mr. Carter will then lead in the discussion of "Teacher Training."

The meeting tonight, beginning at 7:30 o'clock, will be presided over by Mr. W. M. Cumming, of this city, a prominent Sunday School worker. Following the 30 minutes' song service Dr. McElfresh will address on "The Trained Worker, a Necessity for Christian Progress," after which Mr. Cork will discuss "Parents' Problem; Can the Sunday School Help to Solve Them?"

Three sessions will be held tomorrow, afternoon and evening. The public generally is cordially invited to attend any and all of these meetings.

VICTIM OF POWDER EXPLOSION.

Carl Hill, Son of Mr. and Mrs. B. M. Hill Seriously Injured.

As the result of the unexpected explosion of powder placed under a can Saturday afternoon, Master Carl Hill, the six-year-old son of Mr. and Mrs. B. M. Hill, who live on Fourth between Queen and Wooster streets, was seriously burned and may lose the sight of both of his eyes. It was stated by the attending physician after the examination that the sight of one eye was probably destroyed and it is feared that the other eye may be affected. Many friends will sincerely hope that the injuries will not prove so serious as now appear.

Master Hill and several companions were playing with powder and had placed a quantity of the explosive under a can and lighted a fuse to fire the powder. The explosion did not occur as quick as the boys expected and Master Hill decided to make an investigation. Just as he started to remove the can the explosion occurred and he received the full effects. He was badly burned and he suffered greatly. A physician was hurriedly summoned to give him attention. It has not yet been determined to what extent the lad's eyes will be affected by the accident, but it is generally hoped that he will not lose the sight of either eye.

BARQUE MADE LONG VOYAGE.

Cathness-shire Arrives From Peru After Trip of Five Months.

About 20 days overdue on her voyage of some 15,000 miles from Santa Isabel, Peru, to this port, the British barque Cathness-shire, Capt. Hatford, which sailed on the 30th of last July, arrived off bar yesterday afternoon, and will be towed up to the city today.

The barque is unusually large, registering 1,525 tons net register and her voyage from the far-off west coast of South America required five months. The vessel ran into several storms and was only reported one time on the entire trip. She was spoken near Bermuda by an incoming steamer and supplied with provisions. At that time one member of the crew was ill with scurvy and she reported having rough seas and bad weather. The barque has a cargo of Peruvian guano, which is consigned to the Peruvian Guano Company. She is a steel hull vessel and is one of the largest ever to visit this port.

FOR FALLING HAIR.

You Run No Risk When You Use This Remedy.

We promise you that, if your hair is falling out, and you have not let it go too far, you can repair the damage already done by using Rexall "93" Hair Tonic, with persistency and regularity for a reasonable length of time. REMARKABLE RECORD.

Flesh-Forming Food That Succeeds Nearly Every Time.

A man or woman might as well starve outright as to take food into the stomach and not have it assimilated, yet in Wilmington as well as in every other town and city, there are many people who are thin, pale and seem underfed, simply because the food they eat is not assimilated, and fails to make good blood and firm flesh.

Samose, the wonderful flesh-forming food, taken before or after meals, mingles with the food, so that it is assimilated by the system and makes rich blood and pleasing plumpness. No one can use it for a week or ten days without a noticeable gain in weight. Statistics show that out of every one hundred people who comment the use of Samose, 98 will find a full gain in weight and restoration of health and strength.

Anyone who is thin, weak, scrawny and emaciated can put 50c on deposit with J. Hicks Bunting Drug Co. and take home a box of Samose. If the treatment does not give a noticeable increase in good, firm flesh and restore strength and health, they will return the money without any questions.

VESSEL ARRIVES WITH FRUIT.

British Schooner Blanche Brings Cargo From the West Indies.

With a cargo of fruit from Harbour Island, Bahamas, the British schooner Blanche, Capt. John T. Albury, arrived yesterday flying the British flag, and brings aboard the average cargo, ment the use of Samose, 98 will find a full gain in weight and restoration of health and strength.

The vessel coming from a foreign port entered her cargo, which is dutiable, through the custom house yesterday and it is listed as follows: 180,000 coconuts, 2,000 grape fruit, 2,000 cocoanuts and 200 conch shells. Capt. Albury has been coming to this port a number of years and always finds a ready sale for his fruits.

MR. WEATHERSBEE DEAD.

Passed Away Very Suddenly at Blackwell, S. C.—Sons Here.

Messrs. W. D. and Benj. F. Weathersbee, of the A. C. L. general offices, this city, and Capt. Edward Weathersbee, A. C. L. agent, left yesterday afternoon for Blackwell, S. C., in response to a message announcing the death of their father, which occurred at his home there of apoplexy. Mr. Weathersbee was 61 years old and besides the three sons living in this city is survived by two daughters and two sons. The funeral services will be held at Dunbarton, S. C., today. Mr. Weathersbee, who was known in this city, having visited his sons here some weeks ago. The bereaved have the tenderest sympathy of a great many friends.

SOUTH CAROLINA TRAGEDIES.

One Killed and Several Fatally Injured Around Hartsville.

Hartsville, S. C., Dec. 11.—Last night and today have been marked by unusual violence and bloodshed in and around Hartsville. Saturday night Buck Crowley was seriously cut by his brother, Lee Crowley, about the throat. A negro from a saw mill near town, was seriously cut across the throat by another negro worker.

Today, in the New Providence section, Ed Bozeman was killed and his son, Bartow, probably fatally wounded by Coyt Blackman. The fight, it is said, was the result of an old fuss and culminated in a general shoving scrap, at Sam Byrd's house, about noon today.

TRIBUTE TO MR. FENNELL.

Resolutions Passed by Deacons of the First Baptist Church.

Resolutions commending his services as an officer of the church, drawn up by the deacons of the First Baptist church, as an expression of esteem of Mr. Henry G. Fennell, who will soon leave for Atlanta to make his home, were read before the congregation Sunday night.

Mr. Fennell has been an active member and officer of the First Church for many years and his approaching departure is exceedingly regretted by the deacons and the congregation. Mention of Mr. Fennell's leaving the Coast Line to accept the management of a corporation at Atlanta, Ga., has been previously made.

Took Possession of Colored Home.

A telephone message was received at police headquarters at 2 o'clock yesterday to the effect that a negro with a gun had entered the home of Sophia Alston near corner Tenth and Grace streets, and taken possession of the house. Capt. Robt. Green and Officer C. G. Jones answered the call and found the negro lying across the bed in the house, which had been vacated by the Alston woman upon the arrival of the stranger. The negro, who gave his name as Johnny Walker, was drunk and had created quite a disturbance in the neighborhood, drawing his pistol on a white man before entering the home of the negroes. He had the pistol in his pocket when the officers arrived. It is understood that several warrants will be issued for the negro.

MERCHANTS MEET TONIGHT.

Retailers to Gather at Banquet at the Masonic Temple.

The board of directors of the Wilmington Retail Merchants' Association held a meeting last night with President A. M. Hall presiding, at which plans for the meeting of the association in the Masonic Temple tonight were discussed and a tentative programme arranged. As announced in Sunday's paper, members of the organization will meet around the festive board at 7:30 o'clock this evening. A number of addresses will be made and the speakers will urge co-operation and organization. In addition to the members of the retail merchants association there will be in attendance at the banquet tonight a number of the prominent members of the Wilmington branch of the National Credit Men's Association, composed exclusively of wholesalers. The meeting of the representatives of the two organizations can but result in a better understanding and hearty co-operation, one organization with the other. The indications are that the attendance of the merchants of the city will be large. Any one who has not yet secured tickets are asked to call upon Secretary Keyes today. He may be reached by telephone No. 400. At the meeting last night of the board of directors the president appointed Mr. Isaac Solomon a member of the board to fill a vacancy.

MR. FRANK CLEMENTS HURT.

Precipitated From Box Car at Sixth and Marston Streets.

Mr. Frank Clements, an employee of the Atlantic Coast Line, was painfully though not seriously injured about 11 o'clock yesterday morning, at Sixth and Marston streets, when a box car on which he was riding was derailed, precipitating him to the ground. Another employee of the company was slightly injured. Mr. A. S. Silverman, who is doing some street grading in the vicinity was among the first to arrive on the scene after the accident. There was no telephone in the immediate vicinity and the wounded man was taken in a buggy by Mr. Silverman and after reaching a building in which there was a telephone the hospital ambulance was called. Mr. Clements was transferred from the buggy to the ambulance and taken to the hospital, where it was stated last night that he was resting as well as could be expected. His injuries are painful, though not considered of a serious nature. At the time of the accident a shifter was pushing several freight cars on the belt line and Mr. Clements was riding on top of the car that was derailed.

MR. B. F. FINNEY COMING.

Field Secretary of Brotherhood of St. Andrew Will Pay Visit.

Mr. B. F. Finney, Southern Field Secretary of the Brotherhood of St. Andrew, the National organization of the laymen of the Episcopal Church, will arrive in the city from Savannah, Ga., Wednesday afternoon and remain in the city several days. In a letter announcing his proposed visit to this city, Mr. Finney said it was his desire to meet all the male members of the several Episcopal churches of the city, giving an address to each organization. In accordance with this desire, meetings have been arranged as follows: St. John's Church, Wednesday night; St. James' Church, Thursday night, and Church of the Good Shepherd, Friday night. The meetings at all of the churches will be held at 8 o'clock and it is desired that all of the male members of the congregation attend, whether members of the Brotherhood or not. Mr. Finney is an excellent talker and is well posted on the lay work of the church and will doubtless have something to say that will be of interest to all.

Not Mr. Chas. W. Suggs.

In The Star Sunday, December 4th, there appeared a notice from Chas. R. Suggs to the effect that he would be responsible for any debts or contracts entered into or incurred by his wife. Upon his return to the city from a visit, the notice was shown to Mr. Chas. W. Suggs by one of his friends. Mr. Chas. W. Suggs desires it stated that he is not the man, there being a possibility of some confusing his name with that of Chas. R. Suggs.

The Ministerial Association.

The feature of the regular weekly meeting of the Wilmington Ministerial Association yesterday morning was an address by Rev. J. M. Howland, who had as his subject, "Relation of Church to the State," which he handled in a most interesting manner. There were 12 members of the association present at the meeting, which was held in the rooms of the Y. M. C. A.

Seminole In From Cruise.

The revenue cutter Seminole, Capt. R. O. Crisp, commanding, returned to port yesterday from a cruise over the Southern portion of her district, making a stop at Charleston on the trip. The cutter was gone about a week. She will leave again this morning for Cape Hatteras on the first cruise over the northern portion of her district since the Winter cruising season begun.

SHOE MAKING FACTS

No. 1

CRADDOCK

Soles — Counters — Heels

The life of any shoe depends on the integrity of the outer sole, the inner sole, the counter and the heel. No matter how handsome a shoe looks on the outside, or how well it feels on the foot—if the vitals are cheapened the whole shoe is weakened.

Right here is where many makers economize. No one can see the inside—no one can see the counter—no one can see any of the heel but the top lift—so they substitute a soft, spongy, flake leather for the insole and maybe use a counter made of canvas stiffened with glue and scraps of leather for the heel.

If there's any one virtue about the Craddock Shoe that is more pronounced than any other—it is the foundation. We have spared nothing to get the best. The sole (4) is the first grade of old method tanned steer's hide. The insole (5) is a slightly lighter piece of the same stock, selected for smoothness, pliability and toughness. Craddock counters (3) are cut from stout grain leather; each is a single piece. Craddock heels are solid all through. The top lift alone costs more than the whole heel of some shoes of equal price.

We've made every vital part strong. How we carefully cut and fit the vamps and tops of firm, fine leather is another story.

The Craddock dealer in your town will tell you all about it. We shall tell it in type shortly. Watch for it.

DELIGHTFUL RECEPTION.

In honor of Rev. R. W. Hogue, formerly rector of St. James' Episcopal Church, a delightful informal reception was given last night in the parish house of the church. Mr. Hogue was for a number of years the beloved rector of St. James' Church and is now rector of the Episcopal Church at Chapel Hill, where he is doing a great work. He has many warm friends in Wilmington among all classes who were glad to greet him upon this occasion. Mr. Hogue arrived Sunday morning to conduct services at St. James' church in the absence of the rector and when his friends learned that he would be in the city until today the reception was immediately planned. The affair was largely attended by the ladies and gentlemen of the church and the evening was most pleasantly spent. Delicious refreshments were served and a pleasing musical programme was given. Prof. Johnson presided at the piano, Mr. C. F. Macfarlane played the violin and Mr. H. R. Bates sang several delightful selections.

Now, Folks, It's Up to You. Buy stamps! Buy lots of 'em! Put them on your letters and souvenir post cards. Put them on all your Christmas presents. You can use them in place of seals or string in doing up small packages. Put them any old place—in the stove, if you can't use them up any other way. Only buy them, and buy enough of them to make sure of using up every dollar pledged for the special fund described above and sending the committee out to hustle for more subscriptions.

Ask for Blue Ribbon. Grocers get Blue Ribbon Vanilla and Lemon Extracts direct from the factory, and you get the best for the price of the ordinary kinds.

Theatrical

At the Bijou Today.
"Blasted Hopes" is the title of the feature picture that will be shown today at the Bijou theatre. It is a beautiful picture of the great emotions of human nature, and will doubtless prove one of the most interesting that has been shown at the popular amusement resort in some time. There will also be other interesting pictures.

Fine Bill at Crystal.
Another fine bill is offered at the Crystal Palace this week. There are two splendid teams and in addition there are illustrated songs and two reels of motion pictures. Each performance yesterday was attended by a large audience.

At Joyland.
The feature film for today will be, "The Fatal Gold Nugget," a Western drama that is extra good and will prove very interesting to all who see it. It is not one of those that is full of blood and thunder, but a high-class love story. Next will be "Forgiveness," a high-class drama that will also prove very interesting.

LOCAL DOTS.

—The body of Willie Wilkins, colored, who was drowned in Northeast branch of the Cape Fear river Saturday afternoon, was recovered Sunday.

—The 41st series of stock in the Mechanics' Home Association will open Saturday, January 6th, at the office of the secretary, Mr. W. M. Cumming. Subscriptions for stock may be made now.

Friends in this city have learned with regret of the death of Mr. J. J. Palmer, which occurred at Penobscot, Me. Mr. Palmer formerly resided in this city and had many friends in Wilmington.

—Civil actions were started in Superior Court yesterday against Mr. H. D. Springer by Powell & Campbell and Morrill Elliott & Co., New York City, for small claims. Kenan & Stacy represent the plaintiffs.

—Report was made to the police yesterday that the home of James McKoy, No. 810 Walnut street, was entered Sunday night, while members of the family were at church, and that \$8.50 in cash, a razor and probably other articles were taken. There is no clue.

—The many friends of Mr. Sam G. Hall, the veteran printer, will learn with regret that he had a severe fall yesterday afternoon on a street car, near Eighth and Princess streets. He received a painful injury to his hand. It is reported that he was making an effort to get off the car, when it moved off with a sudden jerk.

Papers were served on him yesterday afternoon and the hearing will take place before the Clerk of Superior Court today. A. J. Marshall, Esq., will represent the defendant.

SUNDAY NIGHT'S FIRES.

Three Small Buildings Destroyed—Others Were Damaged.

Explosion of a lamp in a house at No. 802 Taylor street, occupied by Lupo Johnson, shortly after 12 o'clock Sunday night, started a fire which destroyed the building and two adjoining houses, one at No. 804, occupied by Susie Wright, and the other at No. 808, occupied by Carolina Jones. The house occupied by Rachel Pollock, No. 810 Taylor street, and a structure around the corner at No. 1260 North Eighth street, owned and occupied by Wade Scott, were also damaged to the extent of \$25 each. With the exception of the building on Eighth street, the houses were owned by Dr. F. H. Russell. The firemen were called out, but the fire had made such progress that their efforts were of little avail.

NEW PRESIDING ELDER.

Rev. N. H. D. Wilson Heard Twice in Wilmington Sunday.

The new presiding elder of the Wilmington district of the Methodist Church, Rev. N. H. D. Wilson, who has been pastor of the Methodist Church at Laurinburg, preached two sermons in Wilmington Sunday, being heard at Grace Church in the morning and at Trinity Church in the evening. Large congregations attended the services and the new presiding elder made a deep impression upon all who heard him. He is a deep thinker and a pleasing speaker and is recognized as one of the ablest ministers in the conference. Mr. Wilson expects to move his family to this city some time this week.

REWARD FOR HEROISM.

Medal to Cruiser Electrician From the President.

Washington, Dec. 12.—A medal of honor will be presented by the President tomorrow to William E. Snyder, chief electrician on the scout cruiser Birmingham as a reward for his heroism in rescuing a seaman who had fallen overboard in Hampton Roads last January. Electrician Snyder's feat was performed under such circumstances as to be placed in a class of extraordinary heroism. With all his clothes on and in a biting cold temperature Snyder dived in the water and rescued Seaman C. H. Kephart. Snyder is 28 years old and hails from South Bethlehem, Pa.

NATIONAL LEAGUE TODAY.

Club Owners to Meet and Elect President for Coming Year.

New York, Dec. 12.—The consensus of opinion among baseball men gathered in New York today, was that should the National League Club owners, at their meeting here tomorrow reach the election of officers, Thomas J. Lynch, of New Britain, Conn., who has held the office of president for a year, will be chosen again for that position. While he may not get the vote of all eight clubs, his supporters say that he is sure to have the backing of John T. Brush, Garry Herrmann, John F. Harris and Barney Dreyfuss and perhaps the vote of Horace S. Fogel.

At tomorrow's meeting all the club owners except Brush will be present. He is in San Antonio, Texas, and will wire tomorrow morning, who shall represent him at the meeting. In addition of club owners a number of prominent National League managers on the ground, among them Clarke, of Pittsburgh; Bresnahan, of St. Louis, and Lake, of Boston. Bresnahan sold Pitches Johnny Lush and Bob Harmon and will, it is said, be rid of Victor Willis, before the meeting ends. It is also said that Jack Flint, of the Pittsburghers, will be sold to the Washington club if waivers can be obtained. Flynn is a Washington boy.

John McMahon, who, in his day, was one of the greatest pitchers in the National League, is here to apply to President Lynch for a place on the staff of umpires.

With the National League meeting tomorrow and the American League meeting on Wednesday, New York is jammed full of baseball talent, including President Johnson, of the American League.

AMERICAN BANKS SOLID.

Comptroller of Currency Makes Report to Congress.

Washington, Dec. 12.—Another year of prosperity and solid growth for American banks is recorded in the annual report of the Comptroller of the Currency, presented to Congress today. Not only the National banks which come directly under the control and supervision of the currency bureau are included in the comprehensive review of banking conditions, but State banks, savings banks, trust companies and other financial institutions—some 15,950 others are represented.

During the fiscal year of 1910 the combined resources of the 7,000 National banks of the United States grew to approximately \$1,000,000,000. On September 1st last, their loans and discounts had reached the immense sum of \$5,400,000,000, an amount never before equalled in the history of the National banking system since its creation in 1864. At the same time they were counting nearly \$30,000,000 of overdrafts in their assets, a practice which there is no law to stop.

GREENSBORO FRAUD CASE.

Involving Payment of Pension Argued in Circuit Court.

Richmond, Va., Dec. 12.—In the United States Circuit Court of Appeals here today there was argued a case from the lower court at Greensboro, N. C., involving the alleged right of the government to recover money given on forged pension checks.

The Treasury Department seeks to recover \$744 the amount of payments made to Mary Marley, who masqueraded as Mary W. Webster. She is alleged to have defrauded the pension department by representing her self to be Mary W. Webster, and thus having the assumed name placed on rolls.

TRAGEDY AT SPARTANBURG.

Killed Man While Protecting His Mother—Details.

Spartanburg, S. C., Dec. 12.—While protecting his mother from an attack by her husband, who was his step-father, Jim Chambers today shot and killed Corroy Palmer, near here. THE COTTON MARKET RALLIED

Decline in Early Trading Followed by Rally—Recovered Nearly All of Loss on Renewal of Bull Support.

New York, Dec. 12.—An early decline in the cotton market was followed by a rally which appeared to be influenced by expectation of a bullish census report next week and the close was very steady near four points higher to four points lower. The opening was barely steady at a decline of 9 to 12 points under scattering liquidation and local selling for a turn inspired by disappointing cables and reports that the South was offering spot cotton more freely.

Offerings seemed to be very well divided at the start and for a time prices fluctuated within a narrow range, but the market gradually worked lower until active positions showed a net loss of about 11 to 18 points. There was good demand around this level and the market later recovered nearly all its loss on a renewal of bull support and covering.

Possible rumors that early returns to the National ginners for the period as compared with the previous period, helped the market during the period and there may also have been some buying on late cables from Liverpool reporting that spinners were trying to buy cotton a little under the market. At any rate demand became more general during the late trading and closing prices were only two to three points off from the best.

Southern spot markets officially reported early were generally unchanged to 11c lower. The next report of the Census Bureau giving the amount of cotton ginned up to December 13th or to the close of business tonight will be issued at the opening of the market on December 20th. Receipts today at ports 78,266 bales against 73,300 last week and 29,723 last year.

For the week 325 against 396,715 last week and 205,441 last year. Today's receipts at New Orleans 14,188 bales against 4,271 last year.

Cotton: Spot closed quiet; middling uplands 15.05; do gulf 15.30; sales 12,503 bales.

Cotton futures opened barely steady and closed very steady.

STOCK MARKET FAIRLY FIRM

Unimportant Day on Market Yesterday—Trading Was Light and Coned to Speculative Lead.

New York, Dec. 12.—Apart from its fairly firm underpining during the greater part of the session, the course of today's stock market was unimportant. Trading was light and again confined to the better known speculative leaders although isolated movement in the more obscure specialties indicated a mild resumption of operations by dormant pools.

The day's news included the appointments to the United States Supreme Court, the Federal suit attacking the validity of the Southern Railway Company's title to oil lands in California last week's unsatisfactory bank statement, the adverse report of the United States Steel Corporation for November and other November reports.

The market opened irregular with pronounced weakness in the Harman issues, U. S. Steel and the other metal issues. Following its general recovery in a movement led by the coal stocks, the list held fairly well until the final hour, when reports of another meeting of the steel and iron interests and advices from Chicago stating that a large majority of the engineers employed on the Western roads had voted to strike, sent prices of active issues to the lower level of the day and caused a weak close.

Financial interests concurred in commending President Taft's judicial selections and indulged in some conjecture with regard to their bearing on the more important anti-trust suits now pending. The attorney's annual report, devoting considerable space to the prosecutions undertaken against offending corporations and his refusal to take drastic action in cases involving only technical infractions were well received.

Domestic exports for November fairly large increases in shipments of corn and cotton with an extraordinary falling off in wheat. Shipments of this cereal were over 5,000,000 bushels below November, 1909. Total exports of food stuffs for the eleven months of the calendar year are less by over \$50,000,000 than in the corresponding period last year.

The bond market was easy. Total sales for the day 449,900 shares.

NOT A "KNOCK-OUT BLOW."

Mileage Pulling Question Not Decided by North Carolina Court.

Charlotte, N. C., Dec. 11.—In the report of the action of the North Carolina Supreme Court in the case of Harvey vs. the Atlantic Coast Line it was erroneously stated that the court had dealt a "knock-out blow" to that regulation of the North Carolina railroads which requires holders of mileage books to exchange mileage for tickets at stations. The opinion affirmed the decision of the lower court awarding \$2,500 damages to Harvey, who brought suit when he was put off a train after he was unable to exchange his mileage at a station because of a large crowd at the ticket window.

After reviewing the case, Chief Justice Clark, in a supplementary opinion, said: "I not only concur in the opinion of the court, but further, upon a point as to which it was not found necessary for the court to express itself, I am of the opinion that the requirement that the holder of a mileage book shall present it and obtain a ticket thereon is an unreasonable regulation and therefore void."
